BASE BALL.

Monticello vs. Winnsboro. The team from Monticello and vicinity came up and played a game with the Boro boys on Thursday evening. At the outset the playing was pretty even, and not much difference in the score at one time, but it did not last long. Tom Ruff, of the Monticello team, looked like he wanted to send the ball up about the face of the town clock and when it hit the ground it was so long before the out fielders got it back that everybody had been in and were cooling off waiting on a ball to play with. This started the tide which kept up until the finish. John Davis was pitcher for Monticello and Frank McMeekin catcher. They make a strong battery, play well into each others hands and Davis puts a kind of cork screw motion on the ball which goes into effect just about the time a fellow hits at it.
